
Petition to be Submitted to the
State of Alabama
Pardons and Parole Board

We, the undersigned, oppose parole for **Charles Donald Corley (AIS 184756)**, an admitted pedophile. He has sexually abused multiple boys and should serve his full sentence. We ask that the Parole Board send two messages: To the victims, past and future (pedophiles are never cured) - if you are violated or victimized then justice will be served and punishment will be delivered. To the pedophiles - if you molest our children you will serve the maximum sentence allowed by law, that sexual abuse will not be tolerated in Alabama, or anywhere in the United States of America.
